PERFORMANCE TEAMS

Performance Teams prepare dancers to move to Competition Dance when the dancer is ready. It is a great way for the dancer ages 4 to 12 years old to show off what they have learned in the classroom to audiences throughout the Community. They perform at Senior Homes, the OC Fair, Children's and Art Festivals, the Mall and more.

There are a minimum number of required classes and it is a very affordable program for those who want their child to shine on stage more than in just our two yearly shows.

PREMIERE COMPETING TEAMS

Premiere Team prepares beginners for competition dance. Similar to other studio's "dance clubs", dancers take class & compete but the time & cost commitment is less than other teams in the studio.

Premiere is perfect for dancers & parents who want to experience competition dance, but want to experience competition at a slower pace.

THE COMPANY

The Company is an Elite dance team for students ages 5 to 18 who love to dance and live to be on the stage performing in front audiences. This team of elite dancers is fully committed to training, competing, & performing in a variety of events & settings. These are dancers who will ultimately go to college & major in dance, audition for college teams, or work professionally.

The Company definitely requires more time & money but dollar for dollar is worth every penny spent. The Company dancer will experience other dance growth experiences, including Master Classes, Studio Competitions and Conventions. This team has been winning for 33 years! You need to join now!

Competition dancers only dance 3 (Premiere) or 4-5 (The Company) days a week. Most weekends are off with a few pre-scheduled weekend rehearsals.

Once we hit the competition stage, we are done with weekends (except competition weekends, of course).

Unlike many studios, we do not do choreography every Saturday & Sunday.

We believe that your family time together away from the studio is very important, so we try to make everything work in a much shorter time frame than other studios

2

OUR STAFF ROCKS

Our nationally recognized team of teachers & choreographers provides strong technical training to lengthen your child's career in dance.

Most of our teachers have a college degree and/or have worked professionally in the dance industry. They act as mentors to help your child grow as a dancer & as a person.

They'll help your child become a professional or use dance to get into the college that best suits them.

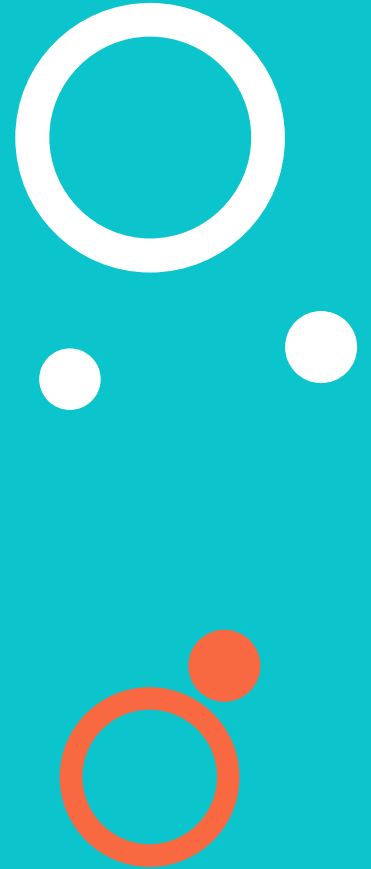

All competition dancers have the chance to work with most of the teachers and choreographer on staff, not just the same two teachers all year.

3

WE'RE ORGANIZED

Our office staff is knowledgeable and organized. You receive bills in a timely manner, with time to pay them. We don't expect you to pay your bill overnight. You always know what's due and when, with adequate time to meet your financial needs.

Dance Precisions provides a competition calendar to families in September detailing all of the season's events. You can plan around our calendar with few exceptions.

We believe that dancers should be versatile & learn all styles, genres, & techniques of dance. This will help them in college & the professional world.

At Dance Precisions, your child will learn tap, ballet, jazz, lyrical, contemporary, hip hop, musical theater, tumbling & more! We are one of the few studios in North Orange County that offers so many different styles.

**DIVERSITY
IS
EVERYTHING**

5

2 AMAZING STUDIO LOCATIONS

ANAHEIM HILLS

With over 20,000 square feet & 6 studios, our Anaheim Hills location is one of the largest dance facilities in Southern California.

Each of our studios has sprung wood floors with Marley on top, a crucial element for the long term safety of your dancer's legs, feet & ankles.

We also have two waiting rooms for parents and a fully stocked cafe. Covid does keep parents outside right now, but hopefully this is short term

SOUTH COUNTY

Nestled in the heart of south Orange County, our brand new South County location brings the same first class training to a whole new community of dancers.

This location features 2 dance rooms, each with sprung wood floors, topped with marley. You can also expect the same quality of customer service you've come to expect!

6

A

LEGACY OF SUCCESS

Dance Precisions is proud of its alumni, who continue to shine in universities like University of Oregon, UCLA, USC, CSUF, NAU, Baylor, TCU & UCI and many more.

We also celebrate our dancers who continue to work as professional dancers on tour with Katy Perry, Taylor Swift, Pink, Beyonce and more. Our dancers can be seen in music videos, movies, commercials, on Broadway, at Disney, & more. 5 of our alumni have been featured on FOX's hit reality show, "So You Think You Can Dance."

7

THE CLASSROOM EXPERIENCE

Our talented staff of choreographers & teachers maintain a strict classroom.

We maintain an environment that's disciplined, but also warm & nurturing, pushing our students to be their very best without losing all the elements that make dance class fun!

We have been told that our classes teach "real" dance, especially to our youngest dancers. They learn real terms and techniques.

We keep it fun but make sure these kids are getting solid training at a very early age.

8

Our pricing is comparable to other studios in the area, but with less hidden costs that hit you when you least expect. You will know up front what costs are associated with this activity.

We will not perpetually nickel and dime you to death. You will know what the cost is and when it is due. Full transparency regarding your financial obligation.

Our goal is to OVER-deliver on value, while keeping prices manageable.

COMPETITIVE PRICING

9

PERFORMANCE OPPORTUNITIES

We believe dancers should be exposed to many different events, venues, etc, as part of their dance experience.

Dance Precisions takes dancers to both conventions & dance competitions. This will expose your child to all types of competition arenas, which we change yearly, so they have more opportunity to find the right "dance community" for them after high school.

10 FAMILY

We are a family friendly community that has social events, get-togethers, an awards banquet, team building nights, big/little buddy programs & more.

We've spent decades creating a fun & safe environment where your child will not only get amazing training, but where you'll meet life-long friends & become part of our family & legacy.
